1. Who can see what I'm doing, where I'm taking you, them, if they let me? Who can go where I'm going, where I am I Am 24/7 and never not so? Who can go be all in all? And **what meaneth these catastrophic things happening, coming about, unshakable things that shake all things?**

2. I love you, am you, believe you, nurture, *acquaint you now* with levels deep, with no levels being, level'less. I love you. I take/catapult you into realms realm'less not but realms that realms counteract not but spin perfectly axis'd on/in me. I love you all.

3. This is the time moment. All merges into me not, unceremoniously not; but **one cataclysmic event shaking the world, not as thought, in many levels; all leveled not but de.** I love you.

4. Who can see/imagine the overall implications/ramifications of such events cataclysmic/catastrophic and how world powers change? Changeth the landscape of nations ceremoniously and un. I love you.

5. This is the moment time timeless and **who can level remain not, level'less become, throughout all'land with land seeing as really is, being it/me, my land/nation, one?**

6. I love you my saint not; one perfected in praise, saintlihood not but what meaneth these terms/implications now implying not but reckoneth will, all do, now, will, being.

7. And what can mean "and my word will cover the earth as the waters covers the sea?" And who will write/be my words and see the seas me not me, restraining not my cataclysmic events that come/now are from me not me, yet **level'less being that now builds skyscrapers not by nuts/bolts but by voice, mine/ours**? One. I love you. Many legged brains not; one. Tentacles not; few, mine, all. I love you.

8. Who can stand the heat, always allowing my standard bearer bearing? And who is/will be my standard/bearer/all time, timeless? Word of me, only/alone. One who one are **become my word; lifeless not, levels not occurring in states of accord cord'd but un**; and in, and life'full, being it/me/us, one now. Frameth the world not but many do/will now with the word of my mouth. Inseminated not but surrendered to, becoming, being already. Royalty'ized by surrender to thy first estate; stateless not but what meaneth that? I show/share; and **enter all that I am/have now, in a new place/space without levels. No walls like you're used to. Construction methods melt.** There is no molecular understanding for it existeth not in thought but. I cometh unglued not but now see spin

only me/mine and who shadoweth not but one standing/stands in light, mine; shadowing none but remaining/removing all light that isn't (1). I love you.

9. **Who can stand, will be me. Not a question, an answer. Who surrenders.** A modifier not but noun that becomes many; leveled not, **level'less. No state, not; stateless that mine is, being me only/alone**, that I am, **being I Am incarcerated not but freed**, level'less and beyond, that which strikes a match not to flame but fire on is. I love you all.

10. **And who will** de-noun me not but mount my brigade not but **come into me simply for to understand how I me want to write through them in uniqueness and declarations provide**, proclaiming my understanding of how I made all things, all things are, reality is, and allowing me vocabularies to give them that others will mock/not understand, but write anyway, seeing my linkages/meanings, insight given; and modular not but level'less impermeating my who love me, surrendering to surrender to become surrender, one in which there is not guile, self-understanding no longer the quest but death that bringeth life in state only mine?

11. Who will heaven see/come into to? Those demising my word not but being it/me, being it me, me it, they are one within me, me within them, level'less if sought, not; but surrendered to/in.

12. I have you, palm'd not but in my palm, not as thought but you me, I have you you'd, not by my declaration but your surrender, simply seeking my all'ship, knowing I was more, am more, I Am. And stingy I am not. I giver am, the great! I share all; me. My kingdom inside thee, how close can it/that be, to you my wonderers/beholders of me I Am. Have I given you sense of me, or me made sense of, or me that you enter, **you the key holding, surrender, if you use it**; using it, bow my knee before you I do/have, continuously beholding you/your surrender, bringing you brass not but **polishing now the temple instruments inside you, not**; **but** bringing levelness that defeats all levels, not; **levelness permeating to see no levels. Wind be, of mine/me, my spirit only, permeating all that thou art; was, is, being, am.** I love you.

13. Into my instrumentation not but seamless being now see the instruments change and how surrender playing a part, not; but the door/key being to come into seamlessness.

14. And who can see/take the flak and see/become diamond? And what clear clarity (2) comes now from their mouth (3)/throne/temple cleansed, surrendered, **operating level'less** that now sees solid state not but **state that only I am? One state/estate, mine**. I love you.

15. Enter me level'less but who can see, subjected not but freedom'd, how subjects I randomly discuss not but enter states of me, many subjects in words discussed/revealed/revealing much that many cannot/do not see, for lack of knowledge,

accusatory being, defeating that which before them is/comes day after day, hour of me being? I love you all.

16. Accuse none, I await thee, before thy accusers, but acquitted thou art, yea uncharged; unchanged not but coming stateless beyond states go now to many, not; all, level'less beyond thought.

17. What is thought energy.

18. What will come now interposing not thy his will but mine surrendered to being, one inseparable not but surrender defeated not but interposing not but **surrender** conquers all, not; **my word being, my word does/is, I Am.** I love you all. Amen.

19. Now see me in/through and throughout and **given many answers, subjects**, clues of me not but **entryways/linkages into many'ages of me, making sense that allows surrender** power elevation, not; but levelness/level'lessness that cometh beyond me thought, incarcerated, to incarceration-de become, state of affair'd only me/mine. I love you all.

20. I give you me/my words all, these words are/being me as I affluent am, influence all, level'less in the space/place I am in now/come to/coming into.

21. I am new. I bring/birth you anew in the new things I voice/bring about, stateless not but mine alone being, in. I love you all.

Me
